

Legal Alert: Additional Funds to be Allocated to New York State's ERAP and LRAP Programs

January 5, 2022

The Federal Government has just approved New York State's request for additional funds for its statewide rental assistance programs (commonly known as "ERAP" and "LRAP"), in the amount of \$27,219,044.18. The US Treasury will be distributing these additional funds to the State over the coming weeks.

If you have not already done so, we suggest that you advise your tenants that there are additional funds available and they should apply for assistance immediately. Moreover, if you qualify for LRAP, we urge you to apply as well.
